DATE: July 15th, 2008

TO: Whom it may concern,

Dear Sir/ Madam,

RE: Confirmation of language of instruction at the University of Botswana

This is to confirm that the University of Botswana, (initially known as the University of Basutoland, Bechuanaland and Swaziland) since its inception in 1964, has always used English as the language of instruction. I confirm this as a Senior Lecturer in the Faculty of Health Sciences, school of nursing.

Yours faithfully,

2008 -07- 15
